CANADA'S V-E DAY FROM HALIFAX TO VANCOUVER

IN THE EXUBERANCE of V-E Day Halifax crowds did incalculable damage to property. They overturned and set fire to this police car which responded to a call to deal with an attack on a street car. Several service personnel were recently sentenced to jail terms for their parts in the rioting. A brewery was looted of considerable stock, too, by crowds.

AFTER THE RIOT this was the scene the interior of a jewelry store presented. The raiders ransacked every drawer and shelf. It amounts, the merchant figures, to nearly 100 per cent. loss. Ottawa announced that every aid would be given storekeepers in getting new stocks.

THERE WERE FEW stores in Halifax's main downtown shopping district that were not broken into. The crowd went after drygoods and even jewelry no less than wet goods. Thousands of dollars' worth of plate glass windows littered the sidewalks after protective barricades had been torn down. Later police made a house to house search for looted goods.

MONTREALERS were enthusiastic celebrants, too, but less spectacular than their Halifax cousins. Here is a view of V-E Day in Canada's largest city, with the Union Jack and Stars and Stripes prominently displayed by citizens.

ANOTHER VIEW of downtown Montreal with streamer-decked car and paper-littered street. By the thousands Montreal folks flocked into the streets to sing and dance. Carried celebrations later to neighborhood parks.

NOT ALL Halifax people did their Victory celebrating in the glass-littered streets. The churches, though not packed to the doors, still had visitors. V-E Day for this worshipper was a matter for sadness and tears.

ALL UNIFORMED FORCES, cadets, veterans of both wars, were represented in the ceremony held on Ottawa's Parliament Hill. The red-coated band of the R.C.M.P. provided accompaniment to hymns sung by the crowd.

WITH NOISEMAKER and Union Jack this cute Ottawa youngster celebrated V-E Day on Parliament Hill, where she heard Acting Prime Minister J. L. Ilsley speak.

TORONTO'S CITY HALL was the chief gathering point for the Queen City thousands. This is a view of the jammed square, with the barrel of a navy gun on show for the Victory bond rallies jutting out over their heads.

IN ONTARIO'S farm belt farmers busy with spring chores found little time to get out like city folks and celebrate, but they decked out their teams with flags.

POLICEMEN in Halifax were slugged. In Ottawa they were kissed in this whole-hearted fashion, with a smack like the boom of the noon gun fired on Parliament Hill.

VANCOUVER'S V-E DAY brought forth this quartet of patriotic girls. While Canadians in other parts of the Dominion gathered for somewhat chilly celebrations in local parks, the B.C. sun shone brightly.

IN NATIONAL costume these pretty young ladies of the Russian-Canadian group took part in the celebrations at Regina. Above them flies the banner of the Soviet.

OUT IN REGINA Westerners reacted to the joyous news with typical western fervor. These young folks got behind a team and wagon and rode to the Regino celebrations with many flags and much cheering.

AIR RAID sirens were switched on in Vancouver at one minute after 7 o.m. by Constable Hugh Duddy while B.C. Provincial Police Inspector S. F. Moody looks on.

THE LATE UNLAMENTED Adolph Hitler was strung up in effigy in a hundred and one porks all across Canada. These young Regino lads, in polka dotted pyjamas, take "der fuehrer" for a last ride.

AT VICTORY SQUARE Vancouver citizens turned out in full force to celebrate the victory. Here is a group under the bond sale platform displaying real enthusiasm.

TYPICAL DAY'S MENU FROM "KELLOGG'S WEIGHT CONTROL PLAN"

Breakfast

- | | |
|----------------------------|-------------------|
| 1 orange (medium) | 1 slice toast |
| 1/2 cup Kellogg's All-Bran | 1 teaspoon butter |
| 1 teaspoon sugar | Coffee or tea |
| 1/2 cup whole milk | 1 teaspoon sugar |

Luncheon

- | | |
|------------------------------|-------------------|
| 1/2 cup cream of tomato soup | 1 teaspoon butter |
| Prune, cottage cheese salad | Coffee or tea |
| 1 tablespoon mayonnaise | 1 teaspoon sugar |
| 1 Kellogg's All-Bran muffin | 1 tablespoon milk |

Dinner

- | | |
|----------------------------|------------------------------|
| 1 broiled loin pork chop | 1 tablespoon French dressing |
| 1/2 cup spinach | 5 tablespoons creamy rice |
| 1/2 cup potatoes au gratin | Coffee or tea |
| 1 tablespoon butter | 1 teaspoon sugar |
| Tomato and lettuce salad | 1 tablespoon milk |

Neat, definite, clear-cut is the way you'll want to look for smartness...with all costume lines cut close and smooth...and a trim, slim figure to match.

If you need slimming, write us for the famous "Kellogg Weight Control Plan," a handy little purse-sized 20-page guide, giving just the specific details you need. These include 3 special sets of scientifically balanced menus for every meal, every day of the week; also the new insurance weight tables for every type of body frame and how to tell which one to use.

You will find Kellogg's All-Bran an important food to eat daily, in this and any diet, to help you gain and keep a lovely, youthful figure. First, because All-Bran is guaranteed, on a double-your-money-back basis, to help you keep regular naturally -- and this is always important.

Equally important, and this may surprise you, All-Bran is made only from the vital outer layers of the wheat grain so remarkably rich in many of the "protective" food elements your body must have every day...diet or no diet.

For example, a one-ounce dish of All-Bran at breakfast provides you with more than one-third your daily minimum need of iron. And you sap your vitality, your very joy in life, if your daily diet fails to furnish you with enough of this mineral to maintain the proper "iron level" in your blood.

No wonder this delicious cereal is served by nearly one out of every two families in Canada. Order a package today. Your grocer has All-Bran in 2 convenient sizes.

P S ...to get the "Kellogg Weight Control Plan," cut the box-top from your All-Bran package; print your name, address and request on its back and mail to Dept. 14, Kellogg Co., of Canada, Ltd., London, Ontario.

V-E DAY IN FOUR CAPITALS

THE HIGH SPOT in London's V-E Day celebration was the scene outside Buckingham Palace. From a balcony the royal family waved to the multitude. Princess Elizabeth, heir to the throne, is on the King's right.

THE HEROES of the hour in Copenhagen were soldiers like this Tommy who were the advance guard of British naval and military forces occupying Denmark's capital.

THE ARC DE TRIOMPHE was appropriately a rendezvous for wildly cheering crowds in Paris. The Parisians celebrating victory in Europe surpassed even their celebration of liberation from German occupation.

LIBERATED by the U.S. Ninth Army from Oflog prison camp these British officers celebrate with an accordion. At their feet is a "stufa" used for brewing tea.

THE NAVY took control of proceedings in the Union Jack club in New York and right in the biggest U.S. port and in the shadow of the Brooklyn Naval Yard made the rafters ring with the strains of "Rule Britannia."

IT SNOWED paper, of course, in New York's financial district on Victory day and a wounded sergeant hailing from Buffalo watches the ticker tape flakes float down.

HOT WEATHER AND SLUDGE

THIS KIND OF DRIVING . . . constantly changing gears . . . grinding along in traffic under Canada's summer sun doesn't make for low engine temperature. And heat is hard on oil! Any oil—even the best—has a natural tendency to combine with oxygen under heat and pressure to form sludge and other harmful deposits which interfere with lubrication of metal parts. This year,

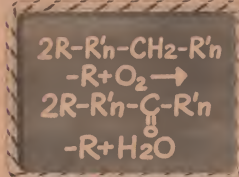

you can't afford clogged piston rings, stuck valves, burned out bearings. Yet that is just what you risk when the oil in your engine fails to give full protection. No wonder more and more motorists are switching to Peerless Motor Oil:—the oil that's specially developed to protect engines against these troubles, because . . . "It's Alloyed."

HOW NEAR IS YOUR CAR . . . to the fate of these. Every day more cars are junked, every day the need for new cars—still months away—is greater! Make sure your car lasts! Give it the special care it surely needs. Switch **NOW** to Peerless Motor Oil!

PROTECTED AGAINST HEAT! From the extra high vacuum used to distill Peerless to the unique "alloy" process which protects it, every stage of the famed 5-point-process makes it a better hot weather oil.

CHEMISTS SYMBOLS THESE . . . but they represent one of the things that happen to ordinary oils under the kind of heat and pressure found in the engine of your car. These oils combine with oxygen to form harmful compounds, which foul engines. Because "It's Alloyed" Peerless Motor Oil brings protection from this risk.

KEEPING COOL! Yes! But your car can't swim! More than ever—in hot weather—your car needs an oil which performs efficiently all the functions an oil should. Follow the example of motorists who know oil . . . switch to B-A Peerless Motor Oil . . . "It's Alloyed" to enable it to resist ordinary oil's tendency to break down under heat and pressure.

WHEN OIL IS NEWS! Are you a motorist who thinks any old oil will do? Then you were not one of the thousands who visited B-A dealers' stations all over Canada to find out more about Peerless, the premium quality oil at a popular price. "It's Alloyed."

ALREADY PROVEN! Before a drop was offered to you, B-A Peerless Motor Oil had been tested and retested under every driving condition. Long hard trips, grinding trips in heavy traffic proved it the summer oil that really withstands heat!

LOOK FOR PEERLESS MOTOR OIL . . . whenever you drive. Here's why: just as even the finest steel rusted when exposed, until a way was found to alloy it with chrome or nickel and make stainless steel, likewise ordinary lubricating oils oxidized under heat and pressure until B-A found a way to alloy Peerless Motor Oil against oxidation, thereby giving cleaner engines, lower repair costs, longer car life. Yes: you always buy with confidence at the sign of the big B-A!

PLANNING YOUR

Victory Kitchen?

You've visioned it a thousand times in your mind, that wonderful post-war kitchen of yours — and you want it to be just as modern as possible. That's why we say plan it around a McClary Range — either gas, electric, coal or wood. Long experience in making ranges for Canadian housewives has taught us exactly the features you desire most.

You'll want your dream kitchen to be efficient — you'll want it to be beautiful — with an attractive GSW cabinet sink, gleaming metal cabinets and GSW refrigerator. And to complete the picture, you'll want plenty of GSW enameled ware and many of those so useful kitchen utensils.

Even now we are making a limited number of McClary Ranges. More of these, and all GSW appliances, will be made just as rapidly as war requirements permit us to turn our production facilities to this end.

Look for greater efficiency and durability, and even more attractive appearance in GSW and McClary products in the future . . . the result of improvements discovered in our wartime years of supplying equipment to the Armed Forces.

BRITISH CARRIAGE STYLES

HERE IS ONE of Britain's solutions of the transport problem and gasoline or "petrol" shortage. It's a donkey race in Cornwall. They call the little fellows "makes" but they are far from being slow pokes.

A CHELTENHAM lady uses a pair of goats when she goes shopping. As can be seen by their front legs they keep perfect step. They might, however, balk if they were to pass a dump well provided with tin cans.

IN NEWARK, England, not New Jersey, this bullock has been trained to pull a home-made sulky and is guaranteed to stand without hitching. He is, however, much too placid to perform a rodeo bulldogging act.

CANADIAN GIRLS VISIT DOWN MEXICO WAY

CANADIAN GIRLS take in the sights at one of Mexico City's swanky cafes. They are Jeanne Carrier, Violette Faust and Judith Drulet, being entertained by Carmen Figueroa, prominent Mexican, and A. Blumenthal.

A LAUNCH adorned with flowers took Violette Faust and Paule Chausse on a romantic sail to the famous floating gardens at Xochimilco, one of the main sights in Mexico.

A COUPLE of the girls visit one of Mexico's beautiful, old, ruined churches. The Canadians are a group of Quebec students who visited Mexico following the visit of a similar group of Mexican girls to Canada.

ONE OF MEXICO'S talented riders puts on a display of roping for two of the Quebec girls. The visitors were given a constant round of parties and sightseeing. All French-speaking, they found the Mexicans delightful.

THE SHOES THAT WEAR SO WELL

HOW TO MAKE YOUR SHOES LAST

- 1 Put trees in as soon as you take them off.
- 2 Have more than one pair and wear them on alternate days.
- 3 Keep them polished to preserve leather.
- 4 At first sign of wear, have them repaired.

It is doubly important these days to choose your shoes with extra care and to care for the shoes when you get them. Ritchie Shoes exclusively for men, combine an unusual degree of smart appearance with sturdy wearing qualities. They assure foot fitness and economy, the ideal shoes for war years or any years.

Sold by Leading Dealers Everywhere

THIS PICTURE of Paule Chausse in an Indian hat and blouse should interest folks back in Quebec, and help Canada-Mexico good neighbor relations.

LOVE ME, love my dog, cat, chickens, etc., are the varied pleasures of these Mexican peasant children, seen bringing their pets and farm animals to be duly blessed by the priests. The Canadian girls saw many such colorful scenes.

EYES ON THE PACIFIC WAR

WITH FINIS written to the war in Europe, all eyes now swing to the battles in the Pacific. On the lighter side is this picture from liberated Manila of a U.S. coast guardsman being prettied up by Filipino girls.

RYUKYU RUG-CUTTER might be the title of this scene from Okinawa, U.S.-invaded island on Japan's doorstep. The Okinawan jitterbug is giving out with some native jive to the tune of a captured Jap phonograph.

ON THE GRIM side of the battle for Okinawa, in which the Japs have sacrificed thousands of troops, is this view of U.S. Tenth Army Division men and a tank blasting their way through a minefield under Jap fire.

HOMELESS, motherless, fatherless, this Filipino boy emerged from the rubble of a Philippine village just swept clean of Japs. The boy's father died at Bataan.

BRITISH TARS FIGHT JAPS

THE ROYAL NAVY has become increasingly active in Far Eastern waters in recent months. Heroes of a fight with Jap units recently in the Andaman Sea are these men, Gunner E. W. Peters, D.S.M., of Pitsea, Eng., and Lieut.-Commander J. Lennox-King of the Royal New Zealand Navy.

BRITISH SEAMEN of the East Indies fleet rest in harbor after battle with a Japanese convoy in the Andaman Sea. The Jap ships were completely shattered. This engagement was only a promise of the shape of things to come as the British and U.S. navies teamed up to sweep the East.

INSHORE WATERS of the Burma area are being patrolled by ships of the Royal Indian Navy, thus helping Allied land operations in that theatre. This picture shows Ab Kapthuana, who comes from the Lushai hills of Assam, with a load of Japanese weapons captured at Ramree Island.

PRINCESS IN OVERALLS

IN OVERALLS like the other girls in the A.T.S. training school, Princess Elizabeth changes the wheel of a car. As every motorist knows, it takes skill and strength to lift a heavy tire to the axle and bolts.

PART OF the training taken by the heir to the British crown as an A.T.S. officer consisted of map reading. The princess is shown in the map reading class getting a lesson from the instructress, Sergt. Young.

ENGINE MAINTENANCE is another subject. Here the princess removes the spark plugs preparatory to cleaning them. She is also expert in that real test of a motor mechanic, the location of ignition system trouble.

THE QUEEN dropped in on the school to find out at first hand what progress her daughter was making. Elizabeth explains to her mother the job she's doing.

For Children's Saturday Lunch

Vitamin-rich! Quick and easy!

FRESH ORANGE DELIGHT (Serves 6; uses $\frac{1}{4}$ pkg.)

1 envelope Knox Gelatine $\frac{1}{4}$ cup sugar or $\frac{1}{4}$ cup light corn syrup
 $\frac{1}{4}$ cup cold water $\frac{1}{2}$ cup orange juice
 $\frac{1}{2}$ teaspoon salt
1 tablespoon lemon juice

Soften gelatine in cold water. Add sugar, salt and hot water; stir until dissolved. Add orange and lemon juice; mix well. (There are good vitamins in this simple dessert made with fresh fruits and pure, plain Knox Gelatine. How much better to give your children treats like this instead

of the ready-prepared, imitation-flavour products?). Pour in individual molds that have been rinsed in cold water. Chill until firm. Unmold. Garnish with orange slices, if desired.

VITAMINS, YES! And tempting fresh flavour, too! That's what you always get when you use Knox Gelatine with fresh fruits. See if you can ever again be satisfied with imitation flavours once you've tasted a Knox fresh-fruit dessert!

FREE—write to Knox Gelatine, Box D, 140 St. Paul St. W., Montreal, Quebec, for a copy of Mrs. Knox's practical, beautifully illustrated 40-page recipe book.

Doctors Prove 2 out of 3 Women can have More Beautiful Skin in 14 Days!

14-Day Palmolive Plan tested on 1285 women with all types of skin!

"My complexion had lost its soft, smooth look," says Mrs. Robert Cole (Address on request). "So I said 'yes' when I was invited to try the new 14-Day Palmolive Plan—along with 1284 other women of all ages—from fifteen to fifty! My group reported to a famous skin doctor. Some of us had dry skins; some oily; some average. After a careful examination, we were given the Palmolive Plan to use at home for 14 days.

"Here's the proved Palmolive Plan: I washed my face 3 times a day with Palmolive Soap. Then—each time—for a full 60 seconds—massaged onto my skin Palmolive's lovely soft lather as you would a cream. Then rinsed. This cleansing massage brought my skin the full, beautifying effect of Palmolive's lather. After 14 days, my doctor confirmed what my mirror told me—my skin was smoother, brighter, cleaner. You must try this wonderful plan."

YOU, TOO, may look for these skin improvements in only 14 Days!

- * Brighter, cleaner skin
- * Finer texture
- * Fewer blemishes
- * Less dryness
- * Less oiliness
- * Smoother skin
- * Better tone
- * Fresher, clearer colour

All 36 doctors proved that 2 out of 3 of all the 1285 women who tested the Palmolive Plan for you got many of these improvements in 14 days. Now it's your turn! If you want a complexion the envy of every woman, start this new proved way of using Palmolive Soap tonight. In 14 days, you, too, may look for fresher, brighter, lovelier skin.

AT YOUR DRUGGISTS

Are you in the know?

For a slick permanent, which is a "must"?

- ☐ A skilled operator
- ☐ A cold wave
- ☐ A machine wave

Frizzy flub or dream girl? That depends largely on the skill of your operator. Her experience, plus a fast curl, should decide the right type of wave for your hair-texture. Slick grooming requires infinite care... but it's worth it when it pays off in poise... self-confidence! And speaking of poise, it needn't be a problem any more, on difficult days, if you choose Kotex. That special lady safety centre gives you extra protection, because it keeps moisture away from the sides of Kotex!

Is this little beach belle—

- ☐ Playing patty-cake
- ☐ Dive bolny
- ☐ Collar-bone conscious

No... she's not warming up for the next Olympics. This chick is collar-bone conscious. And if you have hollows around the base of your neck, try: Standing erect, arms out (as shown), elbows stiff. Swing arms backward, forward, touching finger tips. This also banishes shoulder-blade problems. To banish problem-day discomfort—choose Kotex. For Kotex is soft... stays soft while wearing—so different from pads that just "feel" soft at first touch. That's why Kotex brings you real comfort.

If you're stymied with a show-off, should you—

- ☐ Try to reform him
- ☐ Go smilin' through
- ☐ Make with the icicles

Why attempt to freeze or reform him? Be smart and go smilin' through his clowning. It can be fun and he'll tell the world you're wonderful! Learning to laugh in a trying situation helps build self-confidence. That goes for trying days, too... when you laugh off "out-line" fears with the patented, flat tapered ends of Kotex. So unlike thick, stubby napkins, those flat pressed ends don't show revealing lines. Kotex keeps you confident!

You Can be Confident...

Kotex Wonderform Belt makes your comfort complete: holly-Kotex absolutely secure with special patented clasps that are flat and inconspicuous. It's dainty, light, self-balancing, adjustable, painless. Kotex Wonderform Belt... only \$2c.

Soon you'll be cooking with "lights" ...say men who think of tomorrow

Feather-light cakes, delicious biscuits—all baked perfectly in one-third the usual time; luscious roasts done to a turn in a jiffy all the way through—miracles of cookery performed *not* by the heat of a fire but by the heat of *lights* in the kitchens of tomorrow! It will be done with banks of infra-red "electric light bulbs" which will line tomorrow's ovens and cook your foods with the even, easily controlled penetrating heat of infra-red rays!

COOKING WITH LIGHTS is only one of the many miracles of everyday living being planned for us today by MEN WHO THINK OF TOMORROW. But, before we can have these things, we must first win this war.

Many things we are accustomed to having for ourselves are urgently needed on the fighting fronts. It is our duty to get them there.

What *is* it our men need from us?

They need explosives and medicines that they will get only if we save our waste kitchen fats. They need shell-containers and shipping cartons that are made from our waste paper. And they need the precious tin from our used cans that goes into the making of ammunition and other

war supplies. Vital things that *we* can salvage with so little effort.

Our men also need to know that we are backing them up, not only by our war activities but also with our dollars. To a soldier in a foxhole, the most convincing sign that we at home are supporting him is our increased purchases of Victory Bonds and War Savings Certificates, and the fact that we are *holding on* to those we buy.

Have you done *your* share today? If you have, you are truly one of those MEN WHO THINK OF TOMORROW!

THE HOUSE OF SEAGRAM

All Seagram plants in Canada and the United States are engaged in the production of high-proof alcohol to help speed the war to a victorious end. High-proof Alcohol for War is used in the manufacture of Smokeless Powder, Synthetic Rubber, Compasses, Drugs and Medicines and many other wartime products.

CANADA'S CRUISER UGANDA EN ROUTE TO JAPAN

THE SHIP stopped at the Saudi Arabia port of Aden on the narrows of the Red Sea, and in the fruit that came on board were bananas and watermelons held here by Canadians.

EN ROUTE to the Pacific, the new Canadian cruiser, the Uganda, called after a Central African kingdom, was visited by a party of Ugandese soldiers. The rule that Canadian ships of war are given Canadian place names was, in this case, held in abeyance. Two soldiers stand on guard.

THE NATIVE Uganda soldiers were brought on board by Lieut. Mattingly of the African Rifles, who is seen chatting with the ship's commanding officer, Capt. E. R. Mainguy, right, who is in regulation tropical wear.

ALLIES' GAZE CONVERGES ON TOKYO

HEAVY MIRE and swollen rivers are no obstacles to the Australian-manned Matilda tanks. The Allies have travelled approximately three-quarters of the road to Tokyo in the past three years, but the last lap will be tough.

THESE AUSSIES man a forward post and are on the qui vive for Jap snipers. Military authorities state the Japs are more savage defensive fighters than the Nazis and, like their German allies, will fight to the end.

THE CROTCH of a tree and their jeep provide shelter for these advancing British soldiers. Before V-E Day, the Pacific campaign was fought on a second-priority basis. But now all Allied eyes are fixed on target Tokyo!

THESE ELIGIBLE DRIVERS KNOW

There's no finer tire built!

From taxi-men and war workers—police and fire squads—doctors and other eligible drivers—comes high praise for the Dominion Royal synthetic tire.

They know from experience that "There's no finer tire built."

Yes, the word is getting around that Dominion Royal still leads the field in Mileage—Safety—Dependability.

So, when you are eligible to buy new tires—make sure of top performance by choosing Dominion Royal.

IT'S VENTILATED! The open-spaced tread and shoulders allow cooling air to circulate, drawing heat away from the tire.

IT'S SAFETY BONDED! Every cord is bathed in a specially compounded solution that locks the tread firmly into layers of synthetic rubber.

IT'S MILEAGE-TESTED! In the laboratory and on the road, Dominion Royal tires are mileage-tested proving again and again — "there's no finer tire built."

HEADGEAR THE WIDE WORLD OVER

THIS FEATHER headdress with wampum head band might, of course, belong to any one of many North American tribes. The wearer is a Pueblo.

NEW GUINEA outdoes North America in use of feathers. This is a young Port Moresby chief decked in feathers from rare tropical birds.

THIS SOMBRERO with its chinstrap is a typically Mexican product like the shoulder drape.

HE STEPS right out of the pages of Bunyan's "Pilgrim's Progress" but hails from Brittany.

A JAVANESE dancer according to the temple ritual wears this close-fitting helmet type hat.

SIAM, land of white elephants and fish that fight, also has temple dancers with pagoda hats.

SILENCE REIGNS IN ENGLAND

THE NEW Archbishop of Canterbury, Dr. Geoffrey Fisher, is seen here wearing his robes of office and his pointed mitre immediately after the enthronement ceremonies.

IN SHARP contrast to pre-V-E Day scenes of bombed Britain is this serene pastoral setting in Surrey, where spring this year seems especially peaceful and refreshing.

HERE'S another Surrey scene. A youthful school orchestra gives an outdoor concert to raise funds for the Red Cross in the town of Bramley, near better-known Guildford.

IT'S HOCKEY on the green, a sport practically unknown in Canada. The puck is a ball and the goal-keeper in this Wrens vs. A.T.S. match has stopped a "sizzling shot." But ice hockey is not unknown.

THE ELVER fishermen come home with their catch on the Severn river. Elvers are young eels. The boys sell them.
